Dear Judge Gerber,

Re: April 26<sup>th</sup> hearing on 09-50026 ...116<sup>th</sup> Omnibus Objection to Claims....

During this hearing I asked you for the contact information for the lawyer representing Motors Liquidation Company. You asked the attorney if he would provide that information. He replied to you that he would do so and stated that he had my contact information.

I would like to point out to you that he did not provide that information. Could you please remind him that he has a responsibility to do so especially since he stated in open court that he would?

Thank you, *Don Siefkes*
